

Agreement

This agreement is made by and between Politie (or "Politie" in short), based ad, and Superbuff B.V. (or "Superbuff" in short), based Kleine Nobelstraat 25A,. With this agreement, Superbuff agrees to perform services for Politie for the project tentatively titled 'Automon App' on the following terms and conditions.

Services and deadlines

The services that Superbuff will perform for Automon App include:

Gantt Chart Attachment 1 (enclosed). □ Game Design Document Attachment 2 (enclosed).

Politie needs to approve the work resulting from the services before it is considered complete and payable, and Politie will approve or disapprove the work as soon as possible. Superbuff is aware that minor adjustments and fixes to the work are also part of the services. The deadline for Superbuff to complete the services is Januari 15th.

When Superbuff becomes aware that Superbuff is unable to complete the services on the deadline, Superbuff will immediately notify Politie. Together, Politie and Superbuff can agree to set a new deadline or redefine the services to be performed for an existing deadline. If Superbuff is unable to complete the services on the deadline and Politie and Superbuff cannot agree on a new deadline, Politie can decide to no longer use Superbuff's services.

If Politie does not pay on time, Superbuff can delay deadlines with as many days as Politie delays the owed payment. If Politie wants Superbuff to perform services that are not listed above, Politie and Superbuff can agree to add services to this agreement or sign a new agreement.

Compensation

Before Superbuff performs any services, Superbuff will estimate the months needed to complete individual tasks of the services and share these estimates with Politie. Superbuff can begin to work on individual tasks after written approval by Politie. When Superbuff becomes aware that the months needed to perform a task will be higher than estimated, Superbuff will immediately make a new estimation that in turn needs written approval by Politie. When Superbuff completes all individual tasks of the services, Politie agrees to pay Superbuff €10.2.g excluding vat for every month spent within the estimate approved by Politie.

All amounts in this agreement are excluding VAT (value added tax). Superbuff will send invoices to receive payment(s) from Politie, after which Politie will make payment by Bank transfer within 30 days of receiving an invoice. Politie agrees to cover travel expenses for Superbuff if Superbuff notifies and receives written approval from Politie before making the expense. Superbuff will be responsible for all other expenses made

while performing the services under this agreement. Because Superbuff is not an employee of Politie, Superbuff is not entitled to worker's compensation, retirement, insurance or other benefits afforded to employees of Politie.

Rights to the work

Superbuff fully transfers all rights to the work resulting from the services to Politie, including art, images, designs, audio, videos, code, typography, and text. If the law applicable to this agreement does not allow for the transfer of rights to the work, then Superbuff gives Politie the exclusive worldwide right to use the work, not limited in time and for every distribution platform. Without permission from Superbuff and without paying additional compensation to Superbuff, Politie can distribute the work, make changes to the work, base other works on it, give and transfer rights to others, all as part of Automon App or as part of something else.

Superbuff will make sure that Politie can make full use of the work, which means that Superbuff will only deliver work that Superbuff made, or work from others if it comes with a license that allows the work to be included in Automon App. If Superbuff delivers work to Politie that is claimed to infringe the rights of others, then Superbuff will defend Politie against these claims, and Superbuff is responsible for all damages Politie may suffer.

Politie agrees to credit Superbuff in- and outside of Automon App following the industry standard. Superbuff can use the work resulting from the services for Superbuff's portfolio, as well as for marketing and promotions, but if Automon App is still unreleased, Superbuff needs written permission from Politie.

Confidential information

Superbuff agrees not to disclose or use any confidential information of Politie or Automon App without Politie's written permission, both during and after the term of this agreement. Confidential information is defined as information that Politie has not made public.

In case of a disagreement

Both Politie and Superbuff cannot end the agreement without a good reason. In case of a disagreement, Politie and Superbuff will do their best to respectfully resolve the disagreement. If Politie and Superbuff cannot find an immediate solution for their disagreement, and Politie or Superbuff wants to end the agreement, they need to give a seven day deadline to get to a solution. During the time that Politie and Superbuff try and resolve their disagreement, they cannot stop performing the obligations from this agreement they do not disagree about.

If Politie and Superbuff did their best to resolve the disagreement during these seven days but could not come to a solution, this agreement can be ended, and any rights that

Politie already paid for before the disagreement stay with Politie. Politie and Superbuff can come to an additional agreement about any rights that Politie has not yet paid for.

The laws of the Netherlands govern this agreement and legal disputes can only be resolved in the Netherlands.
