Dear Mark,

Hope this email finds you well.

In the midst of your busy schedule, you might have missed my earlier email to you requesting for some details on the Kevlar protection for the eagles.

May I know if your department is willing to share these information with me?

10.2.g

Dear Mark,

No worries. Really happy that you are willing to advise and share your expertise with us.

I am most delighted to know that your department has achieved success in the research on the protective sheath for the talons!

Are you able to share some details on the Kevlar protection with me? For example, how do they exactly work and what is the cost of production for each glove? Are there any issues with the bird's performance after wearing the protection? Any rejection from the birds due to discomfort?

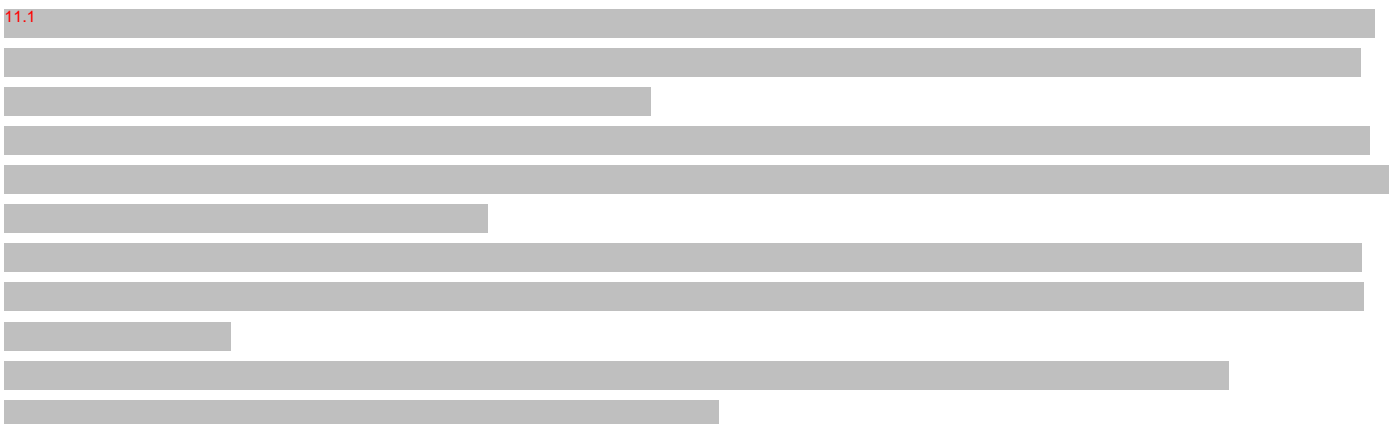

It will also be great if you are able to share some photos of how the Kevlar/leather gloves look like. This will greatly help in our own developments.

Looking forward to hearing from you again. Thanks!

Dear Sir,
Sorry for taking some time in answering your questions. My colleague 10.2.e was so kind to remind me.

I hope this information will help you.
Kind regards,

Mark Wiebes
Detective Chief Superintendent
Plv. Chief Innovation Officer
